

SAHPRA Test Documentation

Version Information:

Version: V0.0.4

Version Group: Clinical Trials

Category: Alpha Release

Description: Early development version for internal testing and validation. Used to verify core functionality and identify issues.

Ticket Information:

Ticket ID: 45953754

Title: [Form Builder] - Improve save functionality

Ticket Created: 2025-10-27 10:14:31

Testing Information:

Environment: Modular

Test Types: Functional, Regression, Integration, UI/UX, Validation

Tester Information:

Tester: Louis-Willem van Niekerk

Date: 2025-12-17 15:26:13

Test Description:

Tested to see if the new auto-save functionality was implemented as requested, letting sections and collections, with all fields, groups and orders saving as soon as the changes are made, instead of needing a save button. Below is just an example of the collection part of the form builder. The section part uses the same module

Feature Implementation:

The new feature has been fully implemented and works as expected.

Evidence:

Title: Form builder collections with save button removed, and changes automatically saved

The screenshot shows the SAHPRA (South African Health Products Regulatory Authority) Form Builder interface. The main content area is titled 'Edit Collection'. It contains three main sections:

- Collection Details:** Includes a 'Collection Name' field (1.5 Sponsors/Funders - Please specify exact roles), a 'Description' field (Enter a brief description of this collection), and an 'Allow Multiple' checkbox.
- Add Collection Group:** Includes a 'Group Name' field and an 'Add' button.
- Collection Questions:** A list of questions with their respective group and column settings. The first question is 'Specify Sponsor/Funder' with Group 1.5 and Column 6.

The right-hand panel, titled 'Available Questions', lists various question types and their actions:

Label	Type	Action
1.1 Study Title	text	+
1.2 Protocol No	text	+
Version	text	+
Date	date	+
1.3 Phase of Trial	select	+
Specify Sponsor/Funder	text	+
Select Role/Input Role	select	+
Input Full Name	text	+
Telephone Number	text	+
Cell phone Number	text	+
E-mail Address	text	+

Title: Form with correctly spaced collection questions

The screenshot shows a web-based form for clinical trial data collection. On the left is a dark sidebar with a vertical list of sections labeled B through I, each with a right-pointing arrow. The main content area on the right contains the following sections:

- 1.1 Study Title**: A single-line text input field.
- 1.2 Protocol No**: A text input field.
- Version**: A text input field.
- Date**: A text input field with a date mask 'yyyy / mm / dd' and a calendar icon.
- 1.3 Phase of Trial**: A dropdown menu with the text 'Select an option'.
- 1.4 Protocol Document**: A dashed box containing an 'Upload Document' button with a paper icon.
- 1.5 Sponsors/Funders - Please specify exact roles**: A section with a table-like structure. It has a 'Select Role/Input Role' column with a dropdown menu (currently showing 'Funder') and a 'Specify Sponsor/Funder' column with a text input field.
- 1.6 Contact Person (Address, Telephone Number, E-mail Address)**: A section with three input fields: 'Input Full Name', 'Telephone Number', and 'E-mail Address'.

At the bottom of the form, there is a 'Cell phone Number' label and an input field. The bottom of the screen shows a Windows taskbar with various application icons and a system clock displaying '15:20 2025/12/17'.
